

## ESL Gateway (AP)

## Features

- Private communication protocol to ensure no interference and communication security;
- High-speed bi-directional communication with ESLs;
- High capacity and wide coverage;
- Compatible with all Effirox ESL labels;
- Support power supply by POE and AC/DC power adapter;
- Support Web configuration mode;
- LED light real-time display working status.

## Specifications

<b>Model number</b>	DLAP08
<b>Product dimension(mm)</b>	190x190x41
<b>Weight</b>	360 g
<b>Housing color</b>	white
<b>Operating voltage</b>	DC12V, PoE
<b>Operating voltage</b>	<300mA
<b>Wireless connectivity</b>	Private Protocol
<b>Communication mode</b>	2.4G
<b>Communication distance</b>	20-50m
<b>Data interface</b>	standard network cable interface
<b>Configuring interface</b>	USB 2.0
<b>Operating temperature</b>	-10°C ~ 55°C
<b>Storage temperature</b>	-20°C ~ 70°C
<b>Operating humidity</b>	45%-70%RH
<b>Indicator light condition</b>	Blue LED:Power indicator Red LED:Working indicator
